

2020 BVCC Women's Winter Retreat Registration

Based on the Life of Joseph

Learn how each of our individual stories fits into God's grand story.

How we're part of God's story, which is much bigger than we are.

How we have been made for more, and how the restlessness we feel for God is real.

How our dreams about God's story—plus our gifts, suffering, places, people and passions—have actually made us...
